Dear Mrs. Hatfield,

Your previous letter arrived after I had mailed the books.

Therefore, I am signing these and you can give two others to whomever you'd like on the paper.

I addressed the Ohio Associated Press News Directors's Assn annual convention in Cincinnati Saturday night. All these men now have the second book and will soon have the first. They, however, are radio and TV only. By and large, their attitude was enlightened.

Why not consider Oswald as neither all black nor all white, as having some grey? I do not believe he was ever radical right. I believe he was capable of feeling he could depend on ACLU lawyers.

Thnaks for the clippings and the check.

Sincerely,
